

CHRISTINA DEMAIO

## *Voice Studio*

### VIRTUAL LESSON CHECKLIST:

#### *FaceTime or Zoom?*

Whichever platform you prefer!

If you prefer to use Zoom or FaceTime is not an option,  
Christina will send you a short video with easy audio setting improvements  
that will greatly enhance our lesson experience!

#### *What will I need?*

- You will want to set-up in a well-lit room where you feel comfortable singing.  
Find the best position for your device that allows me to clearly see you  
(standing tall!) prior to our call.
- You will need a second device to play tracks, and to view any sheet  
music/worksheets. I will not be able to clearly see or hear you/the track if it is  
played from the same device you are calling from.
- Please make sure that whatever tracks/sheets/etc. we will need during our lesson  
are easily accessible (Christina will send you whatever is needed in advance).
- If a second device is not available during our lesson time, please try to give  
Christina advance notice so she can plan accordingly.

#### *Extras:*

Have your water bottle ready and a snack beforehand! 🤪

Parents, your technical support and assistance are very much appreciated!
